

# CERTIFICATE

We, Swiss Biobanking Platform, confirm the labelling of

## **Davos Biosciences AG biobank infrastructure** Davos Biosciences AG

### SCOPE OF THE NORMA LABEL

### **RECEPTION, PROCESSING, STORAGE AND DISTRIBUTION OF BIOLOGICAL RESOURCES**

The Norma Label demonstrates compliance with the Good Biobanking Practices; in particular, OECD Best practice guidelines for biological resource centres (2007), ISBER Best Practices (2018) and IARC Common minimum technical standards (2017). It follows established standards, including the ISO 20387:2018 – General requirements for biobanking.

*The compliance check is based on the answers provided in the Biobank SQAM  
and the on-site evaluation performed by SBP Team on 2021.08.10*

**RESPONSIBLE PERSON(S)**

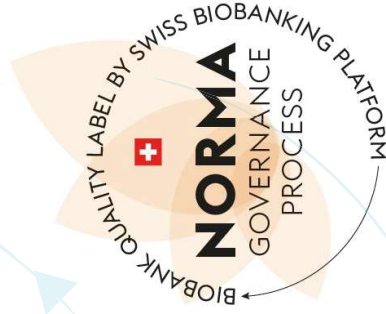

Claudio Rhyner  
Anita Dreher
