

CERTIFICATE

We, Swiss Biobanking Platform, confirm the labelling of

Davos Biosciences AG biobank infrastructure

Davos Biosciences AG

SCOPE OF THE OPTIMA LABEL

IMPLEMENTATION OF QUALITY ASSURANCE MEASURES

The Optima Label demonstrates compliance with the Good Biobanking Practices; in particular, OECD Best practice guidelines for biological resource centres (2009), ISBER Best Practices (2018) and IARC Common minimum technical standards (2017). It follows established standards, including the ISO 20387:2018 – General requirements for biobanking.

The compliance review is based on the answers provided in the Biobank SQAN and the evaluation performed by SBP Team on 2022/05/19
